

Welcome

The first international conference on **"Advanced Computational Methods in Vehicle Engineering" (ACOMVEN-2019)** will be held at the Ho Chi Minh City University of Technology, located in Ho Chi Minh City, the economic capital of Vietnam.

ACOMVEN2019 will take place on **October 15th, 2019** (tuesday morning till evening) in the general workshop of the University, The 16th Conference on Science and Technology, HCMUT-VNU.

The purpose of the conference is to provide an international forum to present and discuss the latest developments in modeling, simulation, numerical methods, experiments for solving scientific problems in various emerging automotive / aerospace / naval & marine engineering fields from various engineering disciplines. The main topics of the ACOMVEN2019 conference include but are not limited to:

- Naval / Marine engineering
- Aerospace engineering
- Automotive engineering
- Aero/Hydrodynamics
- Fluid machinery
- Alternative energy & combustion
- Structures and Materials
- Vibration and identification of structures
- Impact engineering
- Smart vehicles & unmanned aerial vehicles
- Vehicle and system design
- Numerical analysis and computational mathematics
- Optimization and optimal control
- Inverse problems

The Conference is also a great chance for researchers, scientists and engineers to exchange research results, ideas and experiences, that enables collaboration, knowledge sharing, career enrichment, and skills development across all engineering disciplines.

Important Dates

- May 15, 2019 - Deadline for submission of abstracts
- June 15, 2019 - Notification of abstract acceptance
- June 16 ~ Aug 15., 2019 - Registration/Fee
- July 15, 2019 - Deadline for full paper submission
- August 15, 2019 - Deadline for revised full paper submission
- September 1, 2019 - Notification of final acceptance
- October 15, 2019 - start ACOMVEN2019

Proceedings and Journal Publication

Full papers of selected abstracts will be invited to submit for publication in conference proceedings or in a Special Issue of the SCIENCE AND TECHNOLOGY DEVELOPMENT JOURNAL - ENGINEERING & TECHNOLOGY <http://stdjet.scienceandtechnology.com.vn>.

The ACOMVEN 2019 conference proceedings book will be published with ISBN and with charge for participants. Publication in the special issue will be with charge and informed to the confirmed author separately. All papers should be written in English and conform to the format described in the attached template (abstract and fullpaper). The length of the full paper is at least 04 pages (max. 8 pages) and all submitted papers included in proceedings will be delivered limited to the participants by manner of password secured download. Authors are invited to submit the abstract and fullpaper via email dte@hcmut.edu.vn. Please make sure your file will have a filename "(TOPIC FIELD)-Abstract title.doc"
